Cotton Canvas and Tuff Canvas Wash Care / Maintenance.

Washing/maintenance

Wipe off solid waste and liquid spills with a damp cloth – **do not rub/scrub!**

Vacuum excessive dust/sand.

Hand wash covers in cool water (max 30°C) with a soft soap solution (bleach free) - **do not rub/scrub!** Stubborn oil stains – soak in cool water with soft soap solution overnight and rinse with fresh water.

Hang in shade until partially dry and re-fit before completely dry. Leave vehicle in sun with doors open and allow covers to fully dry.

Note that the water repellency on the cotton canvas will wash out over time and recommend that you Scotch Guard periodically.

Fading.

Cotton canvas behaves in a similar way to a pair of jeans in that dark colours fade faster than light colours, and over time all colours fade.

Abrasion.

If the cotton canvas wears through, then please send that piece of the seat cover set to us. We will replace the panel (maximum 2 panels) and courier the repaired piece back to you (at our expense).

Kindly wash the seat cover piece before sending it to us.

Rubber mats

Washing/maintenance.

Periodically remove rubber mats and shake clean. Wipe off solid waste and liquid spills with a damp cloth. Shine coin-pattern rubber with propriety brand of rubber protection liquid. Do not fold coin-pattern rubber.
